

# BENIITTA HUTTUNEN

FULL STACK WEB  
DEVELOPER STUDENT

## PROFILE

I'm a Full-Stack Web Development student looking for new challenges. My background in social services taught me how much caring really matters, whether it's caring about people, finding better ways to code or ensuring the quality of my work.

I'm highly motivated by challenges which is one of the reasons I love coding so much. For me a day off means more time to code.
